

The PA2 Powder Applicator

Patent Pending

A new, efficient, effective and simple to use powder applicator from GPS Sprayers Ltd – manufacturers of the “Gaspot”–

- An inexpensive, professional, 21st Century powder applicator that saves time and adds profit to your business
- The PA2 is fast and easy to use – you can treat more nests in less time
- Reduced preparation time, no pumping required – just insert the CO₂ cartridge and it's pressurised ready to use
- Extremely light and self contained – no requirement to recycle gas cylinders
- Powerful gas cartridge propels the powder 4.5 plus metres using GPS lances - minimising the health and safety risk of using ladders
- If you already own a GPS Gaspot and would like to use the PA2 system alongside it please ask about the conversion kit.
- The PA2 is available direct from the manufacturers GPS Sprayers Limited or through your authorised dealer.

Ask about our PA2 Professional Kit offer which comprises:

- 1 x PA2
- 2 x 1.5m lances
- 24 x CO₂ cartridges
- Either a lightweight lance case or a lance support bracket*

Telephone GPS on **01865 841341** for further information or to place your order for the PA2, the PA2 Professional Kit or CO₂ cartridge supply.
